Terms and Conditions

Cattle will sell under the terms and conditions of the American Gelbvieh Association. Settlement must be made by cash or good check prior to load out, unless prior arrangements have been made with Sale Management. Registration papers will be transferred upon completion of payment for purchases. A 1.5% monthly interest rate will be applied to any invoices not paid within 30 days of sale date. All Sales are between the seller and the buyer.

Embryos & Semen

All frozen genetics will be released to the purchaser once payment is received. It is the sole responsibility of the purchaser to arrange and pay for shipping.

Liability

All persons attending the sale do so at their own risk, legal or otherwise for their safety or their behavior of the animals. The owners, management service, facility and sales staff assume no liability for property loss or any accidents that may occur.

1 Pick of the Female Herd

M&P Gelbvieh

M&P Gelbvieh comes with a never before offered opportunity. Pick of any female in the herd. This includes Junior project heifers, young proven bred females, or donor prospects for your herd. For nearly 40 years, M&P have excelled in the showing with many champions and have positively affected many herds across the nation with impact breeding stock. This opportunity has never been presented and likely will not be again. We stand behind our cattle and assure you will be pleased with your investment.

Selection Must be made by December 31, 2025.

SEPT Promise Keeper is one really nice Balancer female and oh man, she features one awesome cow family. Her maternal granddam is SEPT Promises A701. Keeper's mother was a sale feature on our Making Dream Come True Sale in August, selling to Lueking Genetics, Nebraska. She is also a full sister to SEPT Jimmy Choo, that hung many banners and doing a great job as a cow for Spencer Walahoski, Nebraska. Keeper is own Daughter of BABR Remedy. She is nice fronted female elegant unique from a structure standpoint, adding extra dimension, body, stout structure with extra muscle and square hip. Perfect on her feet and legs and will have a great udder like her mother. Her maternal sister will be a sale feature in our online sale in November. Her XXB Big Shooter calf she is carrying will be one to keep an eye out for. Great family here. Sells bred on May 7, 2025, to XXB Big Shooter (AGA# 1510685) Due February 15, 2026.

COW POWER!! This is a full sister to Kole's offering on the ELITE last year who is now working at Diebler's. She's moderate framed, stout made and sound. She made many trips to the backdrop in a successful show career. Multiple time Div champion at jackpots and Res Bred and Owned Div at Jr Nationals. Another female that was successful in the ring but her best days are ahead of her yet. She is sired by a National Champion and bred back to a National Champion, what more could you ask for. Sells AI Bred to EGL Lifeline. AI date May 8, 2025. Homo Black by pedigree

Lot 5

Full Sister to Lot 5

Couple years ago, Kaisha Alber came and picked out the best heifer we raised and wanted her. I told her I would only sell half interest in her, smart decision to become partners. Kaisha campaigned Trixie's mother to many breeding heifer and showmanship championships. A full sister (pictured) was a sale highlight on our Making Dreams Come True Bred Cow sale in August, going to Diebler Ranch, Nebraska. Super long fronted daughter of the National Champion TJB Rebel Yell and EGL Tessa Cow Family. A nicely designed long spined, thick topped. The Rebel Yell females are known for soundness and structure with look, body and productivity. Don't miss out on this extremely nice, bred heifer with a balanced EPD profile. Sells bred on May 19, 2025, to BTBR Krater (AGA# 1546034) Due February 17, 2026.

If you're looking for heifer that can show and will go on and make a better cow then don't look past this one. All the hard work is done and she has been successfully shown many times this summer. She is first year showman tame. I truly believe her best days are as a cow. With her build and pedigree, she will fit any operation. Breed her how you want and let her do the hard work. Sells open ready to breed

7 Pick of 2025 Spring Calf Crop

September Farms

We wanted to offer something very special so we are opening our gates again and offering pick of the entire 2025 Spring calf crop. Most are embryo calves from our leading donor lineup, SEPT Pillow Talk J24, SEPT Gypsy Soule, SEPT Dirty Martini, and Bar GT Hepburn 113T. Sires include TJB Rebel Yell, XXB Block Party, 24 Karat, Brilliance 8077, STAG Goodtimes and PVF Blacklist. Purebreds to Blancers, we are retaining the right to 1/2 embryo interest if a heifer is picked and 25% semen interest if a bull is chosen. Don't forget Jr Nationals is in Nebraska, and the 2024 calf crop yielded 2 class winners! World Class genetics at their finest.

These 2 fall open purebred heifers out of the Butlers General Hatton and go back to the proven cow family XXB Miss Drew 221M.

Miriam is a super cool fronted, wide based and topped big hipped female with that extra look and eye appeal. Sound on her feet and legs and walks like a cat. Myra is a brood cow deluxe with eye appeal, deep ribbed, soggy bellied, thick topped and extra dimension and capacity. With Jr. National in Nebraska in 2026 don't miss out on one these female to be highly competitive in the Purebred Division. We look forward on these two to carry on the Miss Drew Legacy of stayability and great genetics! Selling choice of these 2 open heifers.

This heifer presents a unique opportunity to introduce a young female with a tremendous amount potential into your herd. We believe this female will be competitive in the show ring but most importantly she will lead a driving force to produce bulls or females that will reach the demand of purebred and commercial breeders alike. She has donor potential written all over her as she is bold ribbed, sound as cat, and attractive through her front third. Her pedigree is backed by the potent BDCG Mary Lou cow family as well as DCSF Wilma cow family and Basin Payweight. Not only does this female check all boxes for phenotype and strong pedigree but also boasts a strong EPD profile with 7 traits ranking in the top 25% of the breed. If you want to make a lasting impact on your herd for years to come I urge you to consider this female. We will be retaining the option of 1 flush at the buyer's convenience and sellers expense.

Invest in proven cow power with this female. Her deep, voluminous middle and spring of a rib promise efficiency and cow-maintenance production. She combines this impressive body capacity with a massive hip, ensuring she will raise a calf with plenty of performance.

You can count on her for years of service as she possesses superior structural soundness that allows her to move freely and withstand the demands of any operation. Don't let her short tail fool you – she's a tough one that battled through a hard winter and came out stronger for it. That grit and durability are exactly what makes her the kind of female that will last.

Emerald is one that is a bit freakier in her build-high tying, bold bodied, feminine heifer. She came in a little greener, but this one will surprise everyone in 45 days. Made right with a great disposition, she is a solid heifer and is going to make a fun project that will be a good investment in the future. Awesome female with proven genetics behind her.

Lot 16

A long bodied high-performance daughter of the GRU Grand Plan bull that produced the Reserve Champion heifer at the 2022 Jr National Show in Salina Kansas. Her mother is a daughter of Sandhills going back to the Doddlebug cow that raised the third overall Balancer at Jr. Nationals along with Champion Gelbvieh Bull at the South Dakota State Fair. A pedigree stacked with look and performance. 533 is that quality of female with a super long clean neck that comes out high out of her front shoulder. She is long-sided and has a little extra muscle down her top and super big hipped. The future for this heifer is full of all kinds of good things from an awesome show heifer to an outstanding cow.

Lot 17

This March born Balancer heifer is the kind that stands out for her low-maintenance functionality and undeniable quality. She combines structural correctness with a smooth, attractive profile that's hard to fault. Her dam has been a proven, high producing female, consistently exceeding expectations and bringing home calves that rise to the top of the pen year after year. This female offers the kind of balanced design and dependable pedigree that makes her a smart addition to any program. Retaining 1/3 embryo interest.

Lot 18

A red high percentage daughter of the Flying H 80A/40A 79E ET bull that has done such a good job for the Beastron Ranch. Her mom is the Chocolate Martini cow that is proving to be an awesome producer and is a purebred that goes back to the Carolina Exclusive bull. 544 is an extremely long bodied female with an awesome front end and still has a lot of rib shape and depth that gives her that show heifer look. She is square out over her hip and travels well when she goes. A proven pedigree with a great look. This one checks all the boxes. One you need to consider if you are looking for a show heifer or your next high percentage donor female.

Lot 19

If you're like us and can't resist a good red female-then stop right here, because Nylah is the one that makes you hit the brakes in the pasture and say "Who is THAT?" This March born 3/4 blood Finnegan daughter has all the bells and whistles of a true show stopper. We were fortunate enough to acquire her dam from Butler Creek Farms, where she made waves as a Division Calf Champion at the National Western Stock Show. But the story doesn't stop there. That same mating also produced Greta, a full sister shown by the Schaffer family, who racked up banners across the country as a many time Champion. Nylah has a pedigree packed full of proven Champions and a look that demands attention! Retaining 1/3 embryo interest.

Lot 20

Nova is the first daughter of the 2025 National Champion Balancer bull VLK Stadium L382 to sell. She is out of a 13 year old, no miss, SAV Bismarck dam that raised twins last year. Nova is super stylish, sound as a cat and has that extra depth, rib and muscle shape. She should be super competitive this summer in that Early Summer Yearling division in Grand Island. Her dams record suggests she will go on to be a productive producer once her show career is finished. If Jaycie hadn't aged out this one would not be for sale.

If you followed the Junior shows for the last year, you surely saw KARS Mystic Gypsy that Karson very successfully campaigned. These embryos will be full sibs to Gypsy, many times Division Champion and Res. Supreme at the Elite last year as a calf. To top it off she was 5th overall Bred and Owned female at JR nationals this summer. The success and attention didn't start with Gypsy. It was with her dam Lady Liberty who had a very successful show career herself. Selling 3 IVF Reverse Sort Female Embryos. Guarantee 1, 60 day, pregnancy if put in by a licensed embryologist within 1 year.

TJB Anissa 579C (AMGV1352908) x Butler's Impact 549U (AMGV1058573)

If you've followed the TJB program in recent years, you already know the mark TJB Anissa 579C has left. She has quickly risen to become the most influential donor in our herd, amassing over \$250,000 in progeny sales to date with 124 recorded progeny in the herd book—and more already on the ground this fall. Her legacy is highlighted by her greatest accomplishment, TJB Anissa 954G, a female that has firmly cemented her influence for generations to come. Her sons and daughters are working in leading herds across the country, including Warner Beef Genetics, Black Gold Cattle Company, and Green Hills Gelbvieh, to name a few. Within our own herd, many of our top three-quarter Gelbvieh females are sired by 549U. It comes as no surprise that one of the best spring heifers at our partners, 3T Farms in Kentucky, is also from this flush. 579C now advancing in age, the chance to acquire embryos from her will be increasingly limited. Selling 5 conventional embryos with a guarantee of 2 pregnancies.

TJB Anissa 4102C (AMGV1343234) x CTR Money (AMGV1525140)

4102C is one of the many impressive daughters of the highly productive 921U x 0065X mating still working in our program. She has been a model of consistency, producing both high-quality replacement females that remain in our herd and sale-feature bulls. Her greatest accomplishment to date is 965G, a Copperfield daughter highlighting our program we sold half interest to Black Gold Cattle Company. This year marks the arrival of our first calves sired by Money, and they show as much potential as any sire group we've got on the ground. Combining the proven productivity and maternal strength of 4102C with the outcross genetics of Money makes this a mating loaded with long-term opportunity and upside. Selling 5 conventional embryos with a guarantee of 2 pregnancies.

This flashy red steer is a commanding, big-boned —sired by the 2024 National Western Stock Show Grand Champion Bull BUTR TEAMAR 322K. His mother, PMG 19K EBONY was also competitive in the showring. Captivating attention at every turn. Designed and developed to excel in the show ring. This is a first for the Elite Sale and we are fortunate to offer him. Despite his eye appealing structure, he carries a remarkably gentle disposition that's ready to run with your show crew. Feel free to reach out if you have questions!

• Gelbvieh Foundation Junior Endowment Fund •

We strongly believe in helping future generations by giving back. The Elite IV Gelbvieh & Balancer Sale is committed to giving 1 percent of the sale proceeds to the American Gelbvieh Foundation Junior Endowment Fund. Helping this fund continue to grow, we are making a huge impact as we work together to strengthen the American Gelbvieh Junior Association membership and the next generation of the cattle industry.

Thank you to all buyers and consignors for their support in making this donation possible.
